What do I think about clothes and fashion?

High! I'm Andrew Watson and I am ten. I live in Swainby with my parents and my little brother John.

I think clothes and fashion are always among the most interesting topics. Women and girls are very interested in them. Men and boys also love wearing nice modern clothes, boots or shoes. So I think fashion problems can excite and interest everybody.

As you know people wear different clothes for different activities. The proverb says, "Everything is good in its season" and we must choose the right clothes because what is good at the sports ground isn't good for a party or school.

At school I always wear my (1) _____. I change my school clothes for (2) _____ when I come home. When I go in for sports, I wear my track suit and (3) _____. In the evening after a shower I put on my (4) _____ and go to bed.

As you know the next proverb says, "There's no bad weather, there are only bad clothes". And we choose different clothes for each season. In winter when it is cold, I put on warm clothes: (5) _____. When the weather is cool, I wear my (6) _____. In hot summer I prefer (7) _____.

When it is raining, I usually wear (8) _____. But I must confess that my Mum buys clothes for me. I love my clothes because they are fashionable and very beautiful.
